We make a difference:

competence-driven education

Our students acquire the desired competences through a variety of educational forms

profound tutorship

with regular consultation between lecturers and students
as a continuous support for the student

practice-oriented education

in which work-placement and contact with the job context
is our main concern

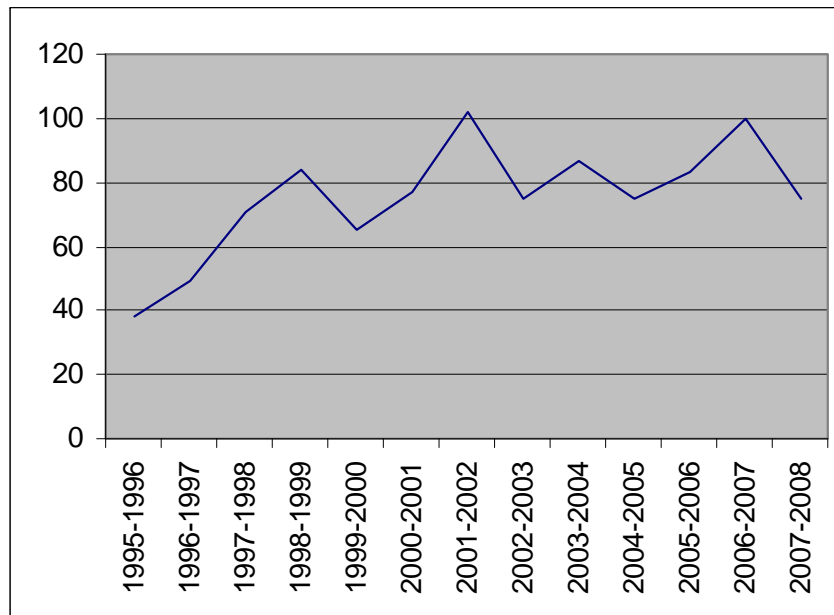

professional skills and attitudes

KHLeuven student mobility

Student mobility

11,5 % of our graduating students had a long-term international experience.

We welcome 70-100 students each year.

KHLeuven student mobility
